## Safety Newsletter

February 2017

### In This Issue

[SafeLand Schedule](#)

[Additive Manufacturing \(3D Printing\)](#)

[Why is my Workers' Comp Increasing?](#)

[OSHA Requires Training by May 17, 2017](#)

### Open to the Public Course Schedule for 2017

#### Upcoming dates:

Feb. 14 - Bridgeport WV  
Mar. 02 - Washington PA  
Mar. 14 - Cambridge OH  
Apr. 11 - Bridgeport WV  
Apr. 20 - Washington PA  
May 04 - Washington PA  
May 09 - Cambridge OH

Online Registration and Payment is available at [www.rjrsafety.com](http://www.rjrsafety.com) by selecting "Training" then "Open Enrollment" then the class and then "Click to Register" in the last column on the right.

### REMINDER TO POST INJURY & ILLNESS SUMMARIES

Please be reminded to post OSHA-required injury and illness summaries beginning February 1 and continuing until at least April 1.

The employer has an obligation to post a copy of OSHA's Form 300A, which summarizes job-related injuries and illnesses logged during 2016. The summary must be displayed in a common area where notices to employees are usually posted each year between Feb. 1 and April 30. Businesses with 10 or fewer employees and those in certain low-hazard industries are exempt from OSHA recordkeeping and posting requirements. More information is available on OSHA's Recordkeeping Rule webpage.

### Time to Review Your Heat Stress Prevention Policy

Now is the time to pull out the Heat Stress Prevention Policy and review it. Review the incidents that occurred in 2016 related to heat stress including the near-misses. Determine what needs to be updated in the policy. How can the training be improved for the workers? Do the Supervisors and Managers need to be trained better or provided with more information? What was learned from 2016 that can be continued in

---

## Upcoming Events

***Come to see RJR Safety Inc. at the following events:***

***Appalachian Pipeliners Association  
February 21, 2017***

***ASSE Oil & Gas Meeting  
February 23, 2017***

***Fayette-Greene  
Manufacturing Consortium  
March 01, 2017***

2017?

I recommend looking at the OSHA "Occupational Heat Exposure" page (<https://www.osha.gov/SLTC/heatstress/index.html>) that has a lot of information as well as links to NIOSH.

## Published Article in IMPO

The article developed by Wayne Vanderhoof CSP titled "A Safety Primer to Additive Manufacturing" and published in this newsletter last month has been published on the IMPO Insider - Daily Industrial Maintenance and Operations Resource (<http://www.impomag.com/>). It was published in two parts with Part 1 being published on 01/30/2017 and Part 2 being published on 02/01/2017.
