OSHA Releases New Video on Donning/Doffing Filtering Facepiece Respirator (FFR)

On May 05, 2020, the U.S. Department of Labor published a new OSHA video and poster on the proper putting on, conducting a seal check, and removing of the filtering facepiece respirator (FFR) such as the N95 type. The two-minute video reviews seven steps and the poster illustrates the seven steps. The video and poster are in English and Spanish.

More information and the poste is available on the OSHA website at

<https://www.osha.gov/news/newsreleases/national/05052020>.

Guidance Provided to Protect Workers in Various Industries during COVID-19

OSHA has provided guidance and resources for employers and workers on the control and prevention of COVID-19. Some sections of this guidance apply to all workers and employers, while other sections focus on those at lower risk of exposure and those with increased risk of exposure, including workers involved in...
