Safety Council Meeting**

June 28, 2023

Melissa Heike, Speaker

OSHA Compliance Versus Contractor Management & Qualification

What is the difference between OSHA Compliance and Contractor Management & Qualification (i.e., ISNetworld, Veriforce, etc.)? The Management of these companies often equate a client "A" letter grade or "Green" status on a contractor management and qualification website with being OSHA compliant, and with having a safe organization. This, unfortunately, is not necessarily always the case...[Read More.....](#)

Heat Stress Prevention (NIOSH)

Workers who are exposed to extreme heat or work in hot environments may be at risk of heat stress. Exposure to extreme heat can result in occupational illnesses and injuries. Heat stress can result in heat stroke, heat exhaustion, heat cramps, or heat rashes. Heat can also increase the risk of injuries in workers as it may result in sweaty palms, fogged-up safety glasses, and dizziness. Burns may also occur as a result of accidental contact with hot surfaces or steam.

Prevention of heat stress in workers is [...Read More!](#)
